

From QB Smoothies

RE: COVID-19

To our loyal food service operators,

During these difficult times, I wanted to assure you that our company and personnel are here for you and your business.

We have the privilege of being able to supply thousands of QB packets that are ready-made and portion controlled each week to food service outlets around Australia.

The convenient, easy to use and handle QB packets empower your staff and business to operate quickly and in a safe / hygienic manner which is more important today than ever before.

Food service operations benefit from using QB packs and we have every intention to continue supplying into your business.

Be assured that the health and well-being of our community is paramount. Serving QB products guarantees food service outlets and their customers absolute quality - all the time.

We are taking the necessary measures through our supply chain to ensure a steady supply of raw materials, fruit and vegetables available through our growers in Australia and abroad.

QB Foods is in a position to support Food Service outlets during the recovery process of COVID-19. During these time, we are committed to serving and helping your business above and beyond to ensure business runs as normal as possible.

We will continue to care for our employees and their families as well. We endeavour to reach out directly to many of our loyal customers.

If you have any special need's contact our office on 1300 600 041 or your sales representative directly.

We wish you and your families all the best.
